

# GREAT BUNDLE MAKES A DIFFERENCE

"Asus includes a very nice bundle with this card... So often, outdated games are included as freebies that they bring little value to the bundle. While that is nice and all, what I really like is a game that can show off the power of the card and is fun to boot. Company of Heroes: Opposing Fronts is that game."

**- Bjorn3d.com: Asus EN8800GT TOP 512MB Review (Score: 9.0/10)**

<http://www.bjorn3d.com/read.php?cID=1194>

"The manufacturer has spared no expense on this premium edition and the new Company of Heroes expansion should be welcomed by most RTS playing consumers."

... This new expansion to one of the most well received games in recent times looks like another certain blockbuster."

**- HardwareZone: A Ten-Course GeForce 8800GT Feast (HardwareZone Awards 2007 Winner)**

"... Asus also bundles a full copy of the DirectX 10 game Company of Heroes: Opposing Fronts. It's about time manufacturers bundled DirectX 10 games with DirectX 10 videocards."

**- PCSTATS: Asus EN8800GT TOP GeForce 8800GT 512MB Videocard Review (Recommended Product)**

<http://www.pcstats.com/articleview.cfm?articleID=2228>

"The inclusion of Company of Heroes: Opposing Fronts is nice and it's good to see a new game included in the package."

**- Tweaktown: ASUS Radeon HD3870 512MB G-DDR4 Review ('Tweaktown Must Have - Best Features' Award)**
