

Tomb Raider: Anniversary

In 1996, the original Tomb Raider was launched. The 3D game design, controls and graphics were truly ground breaking for their time. Furthermore, gamers were also presented with a unique, female human playable character with which they could become emotionally attached, Lara Croft. The original Tomb Raider sold over seven million copies and is still heralded as an absolute classic and one of the best action adventure games ever.

In tribute to this and to celebrate and commemorate the continuing development of the Tomb Raider franchise and its central character, Crystal Dynamics are developing a new Tomb Raider adventure for Lara. Inspired by the original Tomb Raider video game; Lara Croft Tomb Raider: Anniversary faithfully preserves the elements which made the original Tomb Raider game such a classic.

Using an enhanced 'Tomb Raider: Legend' game engine, the graphics, technology and physics bring Lara's adventure and pursuit of a mystical artefact known only as the Scion right up to today's technology standards and will offer gamers a completely new gameplay experience.

Release date: 5 June 2007

Genre: Adventure

Media Format: DVD-ROM (5GB)

Game Features

- Celebrate and commemorate ten years of Tomb Raider and Lara Croft with Tomb Raider: Anniversary, an entirely new gameplay experience inspired by the first ever Tomb Raider adventure. Tomb Raider: Anniversary uses an enhanced version of the Tomb Raider: Legend game engine to apply Crystal Dynamic's latest PS2 technology.
- Play the living Lara Croft, the world's greatest action heroine of all time.
- Includes classic environments from the original Tomb Raider as never experienced before - Crystal Dynamics latest technology allows you to fluidly maneuver Lara using her latest moves and gear, through all the worlds from the original.
- Explore uncharted and mysterious worlds - enter into strange, undiscovered lands and solve their deepest, darkest mysteries, open doors to new realms, uncover great rewards and unearth secrets to Lara's past.
- Startling enemy encounters - encounter fierce animal and supernatural enemies, wolves, bears, crocodiles, horrific monsters and the T Rex.
